IAS believes that the company may have misinterpreted the regulation that limits the tenure of independent directors to two terms and does not support the resolution. The company's proposal to extend his second term by two years, to complete an aggregate tenure of eight years, is an exception to the regulation; the regulation on the proposed extension is unclear. While we support an aggregate tenure of upto 10 years for the tenure of independent directors, we believe that the company may have misinterpreted the regulation that limits the tenure of independent directors to two terms. Hence, we do not support the resolution.

29-Aug-24	Reliance Industries	AGM	Management	Adoption of consolidated financial statements for the year ended 31 March 2024	FOR	FOR	The auditors' report has been relied upon, which has not raised concerns on the financial statements. The auditors note that in respect of 4 acquired subsidiaries and 6 associates, certain accounting software used by the subsidiaries and associates for maintaining their books of account for the year ended 31 March 2024 did not have a feature of recording audit trail (edit log) facility. In respect of 15 subsidiaries, 4 associates and 2 joint ventures, certain accounting software's audit trail feature operated for part of the year, as reported by the respective auditors. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). However, the statutory auditors: Deloitte Haskins & Sells LLP and Chaturvedi & Shah LLP (and their network firms) were associated as statutory auditors of Reliance Industries Limited for more than ten years till FY17. 29-Aug-24	Reliance Industries	AGM	Management	Declare dividend of Rs. 10.0 per equity share of face value Rs. 10.0 each for FY24	FOR	FOR	The total dividend outflow for FY24 is Rs. 67.7 bn and the dividend payout ratio is 16.1% of standalone PAT, which is low. We note that RIL's FY24 capex of Rs. 1.32 trillion was funded largely by internal accruals and its 1Q25 capex was lower than the cash profits generated during the period. Given its comfortable capital structure and liquidity, we believe there is room for a higher dividend. RIL's dividend distribution policy was last reviewed by the board in August 2017 - the board is expected to review the company's policies on a more frequent and regular basis.
